The listed witnesses and exhibits represent the best efforts of the State to identify those witnesses and exhibits that it will offer. However, as preparation continues, the State may add or remove witnesses.

In addition to identifying the exhibits and witnesses by Bates number, the State has also provided all exhibits to defense counsel via link to an online folder and to the court by way of a binder which includes hard copies of documents and photographs as well as a thumb drive which contains the video exhibits.

Neither the rules nor court order require the State to produce this list. As with the State's April 3, 2026, letter to defense counsel, which is attached, the State provides these materials in advance as a professional courtesy with the hope that it will aid the Court and defense counsel to prepare.

Signed this 6th day of May, 2026

Re: Tyler Robinson Preliminary Hearing Witness and Exhibit list

Dear Defense Counsel,

For preliminary hearing preparation, I have included a witness and exhibit list below. This list is our best effort at identifying witnesses and exhibits with our preparation to date. We are currently working to gather written 1102 statements to authenticate exhibits (especially exhibits 6 – 9), as I have not heard back from you as to whether you intend to object on foundation grounds to the videos collected from lay witnesses. We may also opt to use 1102 statements in lieu of witness testimony. We will number and provide 1102 statements as we get them. In addition to those 1102 statements, it is possible, although not anticipated, that we will add or remove witnesses or exhibits as we continue our preparations.

Neither the rules nor court order require us to produce this list. We provide it as a professional courtesy with the hope that it will help you prepare. As such, we are not filing the list with the Court at this time.

Sincerely,

/s/Ryan McBride
Deputy Utah County Attorney
